Albert of Aachen's *History of the Journey to Jerusalem* presents the story of the First Crusade (1095-1099) and the early history of the crusader states (1099-1119). Volume 1, *The First Crusade*, is a long and richly detailed account of events well known from the reports of participants, such as Fulcher of Chartres, Raymond of Aguilers and the anonymous author of the *Gesta Francorum*, but told from a strikingly different perspective. Albert did not go on crusade himself, but gathered reports and anecdotes from those who did, and wove them into narrative that foregrounds the activities of Peter the Hermit, Godfrey of Bouillon, Baldwin of Boulogne, and their followers. His *History* therefore offers a counter-balance, and sometimes a corrective, to the established view. Susan B. Edgington's English translation has been widely praised, following its first publication in the Oxford Medieval Texts series, and is here presented with a new introduction and updated notes and bibliography. - Fox marries mysticism with social justice, leading the way toward a gentler and more ecological spirituality and an acceptance of our interdependence
- A road map to fulfillment for the coming century

In *A Spirituality Named Compassion*, Matthew Fox, the popular and controversial author, establishes a spirituality for the future that promises personal, social, and global healing. Using his own experiences with the pain and lifestyle changes that resulted from an accident, Fox has written an uplifting book on the issues of ecological justice, the suffering of Earth, and the rights of her nonhuman citizens. Fox defines compassion as creativity put to the service of justice and argues that we can achieve compassion for both humanity and the environment as we recognize the interconnectedness of all things. Working toward the creation of a

gentler, ecological, and feminist Christianity, Fox marries mysticism and social justice, emphasizing that as we enter a new millennium society needs to realize that spirituality's purpose is to guide us on a path that leads to a genuine love of all our relations and a love for our shared interdependence. God's world is full of good things. Ice-cold lemonade. The laughter of children. College football. Scrambled eggs and crispy bacon. A late night with old friends around a blazing campfire. God certainly knows how to give good gifts to his children. But where is the line when it comes to enjoying all the pleasurable things our world affords? In *The Things of Earth*, professor Joe Rigney offers perplexed Christians a breath of fresh air by lifting the burden of false standards and impossible expectations related to the Christian life—freeing readers to gratefully embrace every good thing we receive from the hand of God. Helping us avoid our tendency to forget the Giver on the one hand and neglect his gifts on the other, this much-needed book reminds us that God's blessings should drive us to worship and that a passion for God's glory can be as wide as the world itself. This book is the chronicle of the life of a targeted individual. It lays out the growth and struggles of a disenfranchised American family during the era of the second great migration. It provides insight into the experiences that shaped the author's psyche as she pursued, what seemed to be at times, the elusive American dream. It documents the withering of that American dream which is gradually replaced by a living nightmare. The author shares a step-by-step outline of the terrifying events that left her paralyzed with fear. Through her sometimes wavering faith, she manages to summon enough spiritual strength to survive the initial mental, emotional and physical onslaught. Only after recognizing a meaningful purpose for her life did she experience a "resurrection" of life. She writes of finding a true purpose in life and of hope for stemming the tide of moral decline in America. *A Moment With Kel*, is the medium through which Kelvin shares the knowledge he's gained from his life experiences with others seeking to find purpose and hope for their own. *A Moment With Kel* goes beyond the realm of where many inspirational books go, and let readers spend a moment in his world. They can hear his firsthand perspective of the lessons life can teach one on how to rise from the ashes and step into their destiny. Without judgment, without pretense, he opens up his soul, with the hope that he can inspire others to do the same. As humans, things happen to us sometimes that we cannot fully understand. We desire to explain them when from human perspective there's no explanation that really exists. Our perplexion at things of that nature are not just about when they happen to us but also the things we witness in the world around us. They oftentimes shake the foundations of our faith in God to the core. But as much as not knowing hurts, at no time should our reaction be to accuse God for things we don't understand. Rather, we should know that God is not always the architect of all our problems and that He might not always save us from people that live to harm us or bless us the way we want because we take a stand with Him. His promise however is one thing and that is that He'll work it all out for HIS OWN ENDS even the wicked for a day of disaster Proverbs 16:4b. However your pain occurred, God's declared intentions are that He'll use all of your problems any which way they present to work out His will for your life. The deaths of some of the people that went before us is proof that for reasons best known to Him, God at times chooses not to deliver people that take a stand with Him. And it's not because He hated such people but because of what He already planned to use the situation for. Would you like to learn to pray like a medieval Christian? In *Mary and the Art of Prayer*, Rachel Fulton Brown traces the history of the medieval practice of praising Mary through the complex of prayers known as the Hours of the Virgin. More than just a work of comprehensive historical scholarship, the book asks readers to immerse themselves in the experience of believing in and praying to Mary. *Mary and the Art of Prayer* crosses the boundaries that modern scholars typically place between observation and experience, between the world of provable facts and the world of imagination, suggesting what it would have been like for medieval Christians to encounter Mary in prayer. *Mary and the Art of Prayer* opens with a history of the devotion of the Hours or "Little Office" of the Virgin. It then guides readers in the practice of saying this Office, including its invitatory (Ave Maria), antiphons, psalms, lessons, and prayers. The book works on several levels at once. It provides a new methodology for thinking about devotion and prayer; a new appreciation of the scope of and audience for the Hours of the Virgin; a new understanding of how Mary functions theologically and devotionally; and a new reading of sources not previously taken into account. A courageous and moving work, it will transform our ideas of what scholarship is and what it can accomplish. Kabbalistic initiatory teachings for becoming a vessel for illumination, prophecy, and peace by creating an inner dwelling place for God's divine presence • Reveals practices for self mastery and revelation

based on the holy design of the first Hebrew Sanctuary, the lives of the Hebrew Prophets, and the Tree of Life • Shows how the Tree of Life's ten sefirot correspond to the Torah's prophetic Ten Songs of Creation; to alchemical ritual practices of fire, water, air, and earth; and to specific parts of the body, emotions, and aspects of the soul Many synagogues and churches, including the First and Second Temples of the Hebrews, follow an archetypal design first used in the Ohel Moed, or Tent of Meeting, and its sacred Tabernacle, which housed the Ark of the Covenant and the Ten Commandments. Drawing from a wealth of sources including the Hebrew Bible, the oral Mishnaic tradition of Judaism, and 16th-century Judaic texts, Zohara Hieronimus explains how, like the Ohel Moed, we are designed to receive and reflect the divine qualities of the Creator. Exploring the kabbalistic initiatory teachings within the Chassidic tradition of Judaism and the lives and writings of the Hebrew prophets, she reveals how our physical and spiritual worlds are not separate but interdependent, one affecting the other, often in unexpected and sometimes miraculous ways. Examining the ten-part system of Kabbalah's Tree of Life as reflected in the holy design of the Hebrews' first Sanctuary, Hieronimus shows how the Tree of Life's ten sefirot correspond to the Torah's prophetic Ten Songs of Creation; to alchemical ritual practices of fire, water, air, and earth; and to specific parts of the body, emotions, and aspects of the soul. Starting from Malchut (Kingdom) at the bottom of the Tree of Life and ascending to Keter (Crown) at the top, the author discusses related biblical and scholarly texts and traditional Hebrew practices and teachings that can lead to spiritual enlightenment, illumination, and peace, allowing each of us to become a sanctuary for God's presence through self-refinement, ritual devotion, and prayer, as practiced since biblical times. This book contains fifty poems. All are biblically accurate; each was written within thirty to forty-five minutes. The poems address several aspects of Christianity, some with very unique and unusual perspectives. They address the shadow of death, location of the bottomless pit, why we see what we see, demonstrates that God created is true (and not evolution), why attending church is necessary, how our clergy celebrate sin, and others. Many are true stories, like how God touched the authors heart, following his prayer for a woman about to undergo serious surgery, or how, very early one morning, God spoke to him in his home (talk about having biblical experiences!). Be prepared to be educated, thrilled, surprised, choked up, and entertained by these unusual poems! The author expects that one or more of these poems will profoundly affect you to rethink some of your beliefs contained in the Bible! My book is a story of my upbringing on the island, life in the US, adventurous experiences while serving in the military, merchant marines, my mental obstacles, my desire for a higher education, writing poetry as an outlet for peace and inspiration, and using it to uplift others and praise God. Undaunted truth will never fade away. This work will intrigue the reader. Warren explains how the connection between trust and faith can re-ignite the fire in one's spirit; and brings order, joy, and peace by following Scripture-based principles. Followers of Jesus are on a journey of spiritual growth. Their goal is to become more and more like Christ, not only reflecting his character, but doing his work in the world. The process of transformation, from unbelief to faith and from faith to Christlikeness, takes place (ideally) in the context of a healthy church. That church, as a channel of God's grace, enables faithful disciples to take one step at a time toward spiritual maturity, effective ministry within the church, and useful service to the wider community. Every level on The Ladder of Faithfulness requires a different set of instructional methods. In this book, D. Michael Henderson offers practical advice for making disciples at every stage of spiritual growth. From his experience in American and African churches and colleges, he provides useful tools for equipping Christians in their primary mission: making disciples. D. Michael Henderson helps American and African Christians fulfill the command of Jesus: "Go into all the world and make disciples." He provides materials and training for small group ministries and personal discipleship. He directs a mission called Heart of Africa ([www.heartofafrica.org](http://www.heartofafrica.org)), which supports African ministries with "breakthrough projects." His other books include John Wesley's Class Meeting and Making Disciples, One Conversation at a Time ([www.rafikibooks.com](http://www.rafikibooks.com)). Mike and his wife Martha live in Longwood, Florida, and Friendship, Maine. The Church is a faithful custodian of the "Lives of the Saints," of those books which contain the wonderful and glorious deeds of her children who have lived and died in the odor of sanctity. And she looks on every "Life of a Saint" as a guidebook pointing out the way to Heaven to all Christians, who are only travelers on the way to their true home. After the Bible and the Catechism there is no book more precious in the eyes of Mother Church than a "Life of a Saint." It is the dearest wish of Mother Church that her children should frequently read the lives of the Saints; by so doing they gradually become acquainted

with a select society to which, in a great measure, they will be forced to raise the standard of their daily lives. Our Holy Father St. Augustine is a striking example of what the reading of the lives of the Saints may do. A friend of his, Alipius by name, gave him the life of St. Anthony the Abbot. Augustine read it, and was so extremely affected by what he read that it was one main cause of his conversion. Looking down the long calendar of saints, glancing carefully over the Church's long honor list of men and women whose names were held in veneration in their days, we find no name crowned with a greater halo of glory and honor than that of St. Rita, the humble Augustinian nun of Cascia, now venerated under the singular title of the Saint of the Impossible. It is more than 450 years since St. Rita departed this life to be united forever to her Lord and spouse Jesus Christ, and yet her name is still held in benediction, not only among the faithful of Italy, her native country, but also among the faithful of the rest of Europe, who vie with the people of South and North America in honoring and venerating our illustrious Saint. Among the many magnificent "Lives of St. Rita" written by the Italian and Spanish Augustinians, we prefer that written by our brother religious, Father Joseph Sicardo. As his book has had a large propaganda in Spain, the Philippine Islands and in Spanish America, we have hopes that the same book, garbed in an English dress, will help to keep alive that fire of devotion which now burns in the hearts of so many clients of St. Rita in North America. That our translation of Father Sicardo's Life of St. Rita may have the result of further increasing not only the veneration, but also the number, of the clients of our sister, St. Rita, is our only wish and ambition. From a New York Times bestselling favorite comes two beloved novels and one extraordinary novella, brought together for the first time in this special trade edition... The Reading and Preaching of the Scriptures in the Worship of the Christian Church is a multivolume study by Hughes Oliphant Old that canvasses the history of preaching from the words of Moses at Mount Sinai through modern times. In Volume 1, The Biblical Period, Old begins his survey by discussing the roots of the Christian ministry of the Word in the worship of Israel. He then examines the preaching of Christ and the Apostles. Finally, Old looks at the development and practice of Christian preaching in the second and third centuries, concluding with the ministry of Origen. John Climacus (c. 579-649) was abbot of the monastery of Catherine on Mount Sinai. His Ladder was the most widely used handbook of the ascetical life in the ancient Greek Church. Her novels have been praised as "stunning" by Publishers Weekly and "exquisitely sensual" by Library Journal. Now, New York Times bestselling author Jo Beverley delivers another spellbinder...an intriguing tale of daring deception—and breathless desire. The Prey She is called the Devil's Heiress. Burdened with the wealth of a man she despised, Clarissa Greystone is a fortune-hunter's dream. The Hawk No one needs a fortune more than Major George Hawkinville. Fresh from the battlefields of Waterloo, he embarks on a campaign to win Clarissa's money. The Hunt To protect his family's good name, Hawk must ignore the hunger in his heart. But nothing can prepare him for the truths that come to light—or the passion that ignites—when Clarissa boldly steps into his trap.... Critical Issues in Peace and Conflict Studies: Theory, Practice, and Pedagogy, edited by Thomas Maty-k, Jessica Senehi, and Sean Byrne, discusses critical issues in the emerging field of Peace and Conflict Studies, and suggests a framework for the future development of the field and the education of its practitioners and academics. Contributors to the book are recognized scholars and practitioners in their respective fields. The authors take a holistic approach to the study, analysis, and resolution of conflict at the micro, meso, macro, and mega levels. This volume entitled, "The Calling, Rebellion and Punishment of Jonah, and Other Sermons," demonstrates Smith's keen intellect and practical observations in four sermons on the Prophet Jonah, as well as twenty-six other sermons on various subjects such as contentment, temptation, pride, righteousness and the way to heaven. Also is included a number of morning and evening prayers, and other short works that demonstrate the truths of Jesus Christ contained in the Holy Scriptures. All of these works have been updated to reflect modern language without losing Smith's eloquence or power in preaching. This work is a must read for lovers of Puritanism, practical preaching and biblical doctrine. This is not a scan or facsimile, and contains an active table of contents for electronic versions. The extraordinary, touching true story of Smoky, the smallest--and arguably bravest--dog of World War II In February 1944, as Japanese military advances threatened to overwhelm New Guinea, a tiny, four-pound Yorkshire Terrier was discovered hiding in the island's thick jungles. A total mystery as to her origins, she was adopted by US Army Air Force Corporal William "Bill" Wynne, an air-crewman in a photo reconnaissance squadron, becoming an irreplaceable lucky charm for the unit. When Smoky saved Wynne's life by barking a warning of an incoming kamikaze attack, he nicknamed her the "angel

from a foxhole." Smoky's exploits continued when she jumped for the unit in a specially designed parachute and famously joined the aircrews flying daring sorties in the war-torn skies. But her most heroic feat was running a cable through a seventy-foot pipe no wider than four inches in places to enable critical communication lines to be run across an airbase which had just been seized from the enemy, saving hundreds of ground-crew from being exposed to enemy bombing. In recognition of her efforts, Smoky was awarded eight battle stars. Smoky the Brave brings to vivid life the danger and excitement of the many missions of World War II's smallest hero.
