Job interview is usually the last and most difficult stage in the process of getting a job. Most job seekers are rejected after successive job interviews because they cannot justify why they are the best candidates for the positions they applied for. Consequently, they stare helplessly at amazing job opportunities slip through their fingers, despite the fact that they are in dire need of the jobs. Worse still, some organizations are unable to employ most (and sometimes, none) of their job applicants after their screenings because they (job seekers) are unable to convince them (prospective employers) that they are qualified for their applications. Many job seekers, even those who graduated with good grades, will remain unemployed (even for the rest of their lives) because they are ignorant of the expectations of prospective employers from job seekers during job interviews. The eBook, Best Answers to 345 Most Frequently Asked Job Interview Questions: A Guide To Preparing For Job Interview, offers a reliable guide to job seekers on how to excel in job interviews. When the anxiety begins to creep in, cling to the comforting thought that even if the interviewer is the one asking the questions, that doesn't mean that he has to be the one leading the conversation. The ball is in your court. Play well. Keep in mind that in the interview room, no one else will work to make you look good except for yourself. This book will give you everything you need to make you a top candidate. Get it now and invest in your success! For anyone who hires employees this is a must have book. It is also essential for anyone searching for a new job. This new book contains a wide variety of carefully worded questions that will help make the employee search easier. These questions can help you determine a candidates personality type, the type of work he or she is best suited for, and if the person will mesh with your existing employees and workplace. Interviewing potential employees is one of the most difficult and intimidating tasks a manager or business owner will ever face. The task is made even more daunting by the fact that repercussions of a poor hiring decision can haunt the employees, management and the company for a long time to come, and can potentially cost a great deal of money. Discovering how to decrease the risk and maximize the predictive ability of interviews is key to successful hiring. The person who gives all the right answers often gets the job, but if there is no consideration given to what the right answers for your organization are, then a savvy, well-coached interviewee may be chosen over a less polished but more appropriate one. What this book is designed to do is help you determine the best questions to ask and determine the best answers. Not the best answers from a candidate's standpoint (their motivation is simply to get the job), but the best answers for you; satisfying your motivation to hire the person with the best fit, period. Once you learn the right questions to ask, you'll get the best employees. For the prospective employee-learn how to sell yourself and get the job you want! This is a 2-book combo, which has the following titles: Book 1: Are you nervous about your job interview? Do you have the feeling that you are not prepared to face an invasive number of questions about your accomplishments and career choices? Well, have no fear, my friend. You are at the right address. This book can guide you along. Topics that will be discussed in this book include how to make a lasting first impression, asking specific questions about your motivation, how to dress, what to bring, how to react on the phone (if applicable), how to show your interviewer that you are listening and interacting, etc. Book 2: When it comes to job interviews, it would surprise you how many people don't have a clue what to do. They think if they just act like themselves (nothing wrong with that), all else will just happen. That's not how it works. The people who are most prepared usually stand the highest chance to make a good impression on the interviewer. Aside from questions like "tell me about yourself" or "how would you describe yourself," they will look for competent employees who know how to sell their skillset with confidence. They want to know about your weaknesses, and if those weaknesses will create any problems in their company. So, how will you do in your next job interview? Well, it's up to you.
