***TW Index Volumes 1 and 2 Combined Mar 04 2021 TW Index is a complete and detailed index of everything that has appeared in the SDC Turning Wheels magazine since its inception in 1972. Of greatest importance are the advice items that are indexed by subject (engines, brakes, steering, etc.), model AND year including all individual letters that appear in the Co-Operator column. Historical items are also indexed by subject as well as by the vehicle (model and year) they relate to. If you own, for instance, a 1959 Hawk, TW Index will give you instant access to everything that has been published about your car and much more. Each listing, of course, refers you to the specific issue of "Turning Wheels" and cites the page on which the item begins. Rated "excellent" by Fred Fox and Bob Palma. Volume 1 of Turning Wheels Index includes issues of Turning Wheels from 1972 through 1992 with 10,711 references on 159 pages. Volume 2 includes 1993 through 2009 with 9,995 references on 158 pages.***

***Mustang 5.0 Projects Jun 07 2021 Includes in-depth instructions on: engine tech, exhaust, fuel systems, manual and automatic transmissions, suspension, interior, body and exterior, nitrous and supercharging, and much more.***

**Creating Mr. Kortan** Aug 09 2021 *More than a memoir of a custom cafe racer build this book is a tribute to a teacher who inspired young people to be creative with their minds and capable with their hands. Growing up in Fargo, North Dakota in the 1970s and 80s, The Urban Monk had the opportunity to develop a love for machines, metal working and motorcycles. This book provides a glimpse into what life was like for the author and his young friends in Fargo during that time. It is also a poignant defense of industrial arts education in public schools. After an over three year effort building a custom cafe racer in his spare time and documenting the entire process in videos shared with the world on his YouTube channel Urban Monk TV, the author tells the story of how this project became more than a custom motorcycle build - it became a tribute to his middle school Metal Shop teacher who inspired him to go on to a life time of peaceful meditation in his garage with a wrench in his hand. Anyone interested in motorcycles, mechanics, do-it-yourself projects or a historical retrospective of life in 70s-80s Fargo will enjoy this pleasant read.*

**How to Wire Your Hot Rod** Sep 29 2020 *The one job we dread in car maintenance, repair and upgrading is the wiring. This work covers topics that include the basics of DC electricity; installation of additional circuits; choosing and installing the best battery, starter and alternator; installation of the gauges; and wiring a complete scratch-built hot rod.*
