Scores of talented and dedicated people serve the forensic science community, performing vitally important work. However, they are often constrained by lack of adequate resources, sound policies, and national support. It is clear that change and advancements, both systematic and scientific, are needed in a number of forensic science disciplines to ensure the reliability of work, establish enforceable standards, and promote best practices with consistent application. Strengthening Forensic Science in the United States: A Path Forward provides a detailed plan for addressing these needs and suggests the creation of a new government entity, the National Institute of Forensic Science, to establish and enforce standards within the forensic science community. The benefits of improving and regulating the forensic science disciplines are clear: assisting law enforcement officials, enhancing homeland security, and reducing the risk of wrongful conviction and exoneration. Strengthening Forensic Science in the United States gives a full account of what is needed to advance the forensic science disciplines, including upgrading of systems and organizational structures, better training, widespread adoption of uniform and enforceable best practices, and mandatory certification and accreditation programs. While this book provides an essential call-to-action for congress and policy makers, it also serves as a vital tool for law enforcement agencies, criminal prosecutors and attorneys, and forensic science educators. The International Freight Forwarding and Logistics Manual is used throughout Australia in the training of International Freight Forwarders, and in colleges as a reference and practical guide in the study of International Transport and Trade. This edition is a complete revision and expansion, and covers most factors involved in International Freight Forwarding, Trade and Transport. It aims to provide the reader, whether a forwarder, trader, customs broker, or simply an interested student, with the necessary knowledge and skills to enable the achievement of the common objectives of traders and forwarders when selling, buying and moving cargo internationally. The book includes a Dictionary of Terms and chapters on the following topics: The International Forwarding & Customs Broking Industry in Australia; Sale Contracts and Incoterms®; Shipping & Aircargo Services; Australian Domestic Transport & An Overview; Freight Rates & Shipment Costs; Route Selection; Export Bookings, Clearances, & Cargo Receival in Australia; Packing, Stowing, Marking and Containerisation of Cargo; Cargo Insurance; Surveys and other inspections of cargo; Australian Government export/import controls and processes; Duty Drawback & the Tradex Scheme; Documentation, including many samples of documents; Contracts of Carriage, International Conventions relating to the Carriage of Goods, Bills of Lading and Air Waybills; Special Cargoes - Perishables, Art Works, High value, and Exhibition goods; Dangerous Goods Transportation; Aviation Transport Security; Foreign Country Import Formalities; Written in easy to understand language, the book provides a vast amount of valuable information, and is an essential tool for reference libraries or for persons studying International Trade or Logistics. The International Maritime Dangerous Goods Code is the standard guide to all aspects of handling dangerous goods and marine pollutants in sea transport. The Code lays down basic principles: detailed recommendations for individual substances, materials and articles, and a number of recommendations for good operational practice, including advice on

terminology, packing, labelling, stowage, segregation and handling, and emergency response action. The Code has undergone many changes over the years, in both format and content, in order to keep up with the rapid expansion of the shipping industry. Amendment 40-20 includes revisions to various sections of the Code and to transport requirements for specific substances. It is mandatory as from 1 June 2022 but may be applied by Administrations in whole or in part on a voluntary basis from 1 January 2021
