THE INVESTIGATION TEAM IS FAST RUNNING OUT OF LEADS AND TIME. The next day Lucy gets the news she'd been waiting for. She's been promoted to Detective and she joins the CID team investigating the murder of the woman whose body she'd discovered. But every hopeful lead comes to a dead-end with no new ones on the horizon. AND THE KILLER'S NEXT TARGET IS ONE OF THE INVESTIGATION TEAM. The

latest compelling police procedural featuring Detective Chief Superintendent Henry Christie. On the verge of retirement, Henry Christie is loath to leave any unsolved cases to his successor, particularly ones in which he has a personal stake. But when a cop and a suspected murderer are killed in separate but related incidents, Henry's professional judgement is called into question, and it looks as though he will have no choice but to leave the force under a cloud. But he's determined to keep searching for a killer and when the daughter of the new village bobby is abducted, Henry uncovers terrible secrets: secrets that will bring him face to face with a dangerous predator – and the very real possibility that he will become the next victim. Witty and softly sardonic, William Schiffs autobiographical romp describes his lifelong travels from early childhood to the Golden Years. Growing Up and Getting Old Behind the Wheel: An American Auto Biography is framed in a web of Americana, including cars he has ridden in, driven, modified, and even stolen. The span of his story is peppered with allusions to the locales, books, films, music, and social politics of the times he has experienced. He describes his youthful descent with friends into light criminality, his incarceration, and his ultimate salvation and redemption through America's universities, rather than through its Churches. He sketches his menial jobs as a youth, as well as his later roles as student, university professor, parent, behavioral scientist, and retiree. If you've lived in America between 1940 and today, you'll want to come along on the engrossing scenic drive through his vivid memories. Money Is The Motive 2 picks up right where the first series ends. Tori Leigh and her unborn baby girl lives are in jeopardy of ending before the next chapter can begin. When her lover Juice is shot by an unknown assailant and then picked up by Federal Agents, Tori doesn't know which direction to go. Things continue to spiral out of control now that The Feds, Goons and old enemies are all hot on her trail. Tori is faced with making one of the biggest decisions of her life. Does she go into hiding to protect her and the unborn child? Or does she risk it all by going hard and possibly die trying? Who can she turn to? Where can she go? Who can you trust when everyone has a Motive and it's Money? Popular Science gives our readers the information and tools to improve their technology and their world. This has to be SE Asia's business book of the year.' Kevin Boland, CEO, OHMM Pte Ltd, Singapore. Traditional advertising doesn't work any more. Even Samsung, with a marketing budget of US\$14 billion a year, is seeing profits plummet and smartphone sales decline sharply. The world has changed, and throwing money at the problem isn't going to be the answer. For the global giants aiming to dominate SE Asia's fast-growing markets, this is dreadful news. For the local and regional companies that are fighting to beat off the invaders, the end of the era of mass market advertising offers a wealth of new opportunities. What matters now, above everything, is building a strong, durable brand, based on great customer relationships. And the key to that is what you do, not how much you spend. Marcus Osborne demonstrates how many organisations can cut their marketing costs by up to 50 per cent yet still achieve better results: 'Take your money,' he says, 'and put it back in the bank.' He gives practical guidance on all the fine details, from retraining staff to deliver an unforgettable experience to collecting the right data and how to use Facebook and other tools to build a brand that will guarantee a profitable future. Written for CEOs and government servants keen to communicate more effectively with

citizens, Stop Advertising Start Branding draws on Marcus' vast experience in the region to show how SE Asian companies can use the new tools provided by the internet and social media to engage and win customers and keep those customers coming back to their brands. He demonstrates how many organisations can cut their marketing costs yet still achieve better, more measurable results. 'An experienced understanding of what works and what doesn't,' Bobby McGill, Editor-in-Chief, Branding in Asia. Snapshots ist eine Autobiografie, die aus einer Laune heraus entstanden ist. Snapshots habe ich eine Tabelle genannt, in die ich 'Objekte' meines Lebens eingepflegt habe. Begonnen hat es mit den Autos, die ich im Laufe der Zeit gefahren habe, über Wohnungen, Schiffe, Motorräder und Jobs bis hin zu meinen jeweiligen Partnern. Langweilig waren die vergangenen 68 Jahre nicht, aber ich hoffe, das mein Leben in Zukunft mehr Stabilität erfährt. Now you can get the wisdom of one full year of "Consumer Reports" in one place.
