I have used the text with traditional three-semester-hour classes, with half-semester GNP courses, and as a module in advanced accounting classes. It is appropriate for accounting majors or as part of a public administration program. The Excel-based problems were developed to facilitate delivery through distance learning formats. The focus of the text is on the preparation of external financial statements. The coverage is effective in preparing candidates for the CPA examination"-- Revised edition of the authors' Accounting information systems, [2015] Now in its 14th edition, Nobes and Parker's Comparative International Accounting is a comprehensive and coherent text on international financial reporting. It is primarily designed for undergraduate and postgraduate courses in comparative and international aspects of financial reporting. The book explores the conceptual and
