Alex and Eliza Jul 30 2020 1777. Albany, New York. As battle cries of the American Revolution echo in the distance, servants flutter about preparing for one of New York society's biggest events: the Schuylers' grand ball. Descended from two of the oldest and most distinguished bloodlines in New York, the Schuylers are proud to be one of their fledgling country's founding families, and even prouder still of their three daughters - Angelica, with her razor-sharp wit; Peggy, with her dazzling looks, and Eliza, whose beauty and charm rival those of both her sisters, though she'd rather be aiding the colonists' cause than dressing up for some silly ball. Still, Eliza can barely contain her excitement when she hears of the arrival of one Alexander Hamilton, a mysterious, rakish young colonel and General George Washington's right-hand man. Though Alex has arrived as the bearer of bad news for the Schuylers, he can't believe his luck - as an orphan, and a bastard one at that - to be in such esteemed company. And when Alex and Eliza meet that fateful night, so begins an epic love story that would forever change the course of American history.

[Accelerated Aging](#) May 20 2022 Accelerated Aging: Photochemical and Thermal Aspects represents the culmination of more than 40 years of research by noted scientist Robert L. Feller. The book focuses on the long-term performance of materials such as wool, dyes, and organic compounds; their resistance to change when exposed to environmental factors such as oxygen, ozone, moisture, heat, and light; and their physical durability with handling and use over time. Processes of deterioration are discussed based on speeded-up laboratory studies designed to clarify the chemical reactions involved and their physical consequences.

A History of African Linguistics Jul 22 2022 The first global history of African linguistics as an emerging autonomous academic discipline, covering Africa, the Americas, Asia, Australia, and Europe.

Our Global Environment Jun 08 2021 The crucial interdependence between humans and their environment is explored and illuminated in this revealing overview of the major environmental issues facing society in the twenty-first century. With attention to detail and cogent language, the author describes how human health and well-being are inextricably bound up in the web of interrelationships that characterize life on this planet. The presentation combines an overall ecological concern with specific elements related to personal and community health, giving readers a clear sense of how today's environmental issues directly impact their own lives. New to the seventh edition is a chapter on clean energy alternatives that evaluates the long-term potential of the most promising renewable energy technologies as well as short-term strategies to increase energy efficiency. The discussion of global climate change has been significantly updated to reflect the latest assessments of the Intergovernmental Panel on Climate Change with regard to evidence of global warming, mitigation strategies, and adaptation measures, as well as an up-to-date summary of ongoing international efforts to negotiate binding treaties that would produce meaningful reductions in greenhouse gases. Our Global Environment is widely praised by students and faculty for its clear, compelling presentation. Abundant photographs and illustrations highlight salient issues and clarify trends, while boxed inserts in every chapter contain timely examples of general concepts presented in the chapters. Publisher's note.

Empire of the Summer Moon Apr 18 2022 *Finalist for the Pulitzer Prize and the National Book Critics Circle Award* *A New York Times Notable Book* *Winner of the Texas Book Award and the Oklahoma Book Award* This New York Times bestseller and stunning historical account of the forty-year battle between Comanche Indians and white settlers for control of the American West "is nothing short of a revelation...will leave dust and blood on your jeans" (The New York Times Book Review). Empire of the Summer Moon spans two astonishing stories. The first traces the rise and fall of the Comanches, the most powerful Indian tribe in American history. The second entails one of the most remarkable narratives ever to come out of the Old West: the epic saga of the pioneer woman Cynthia Ann Parker and her mixed-blood son Quanah, who became the last and greatest chief of the Comanches. Although readers may be more familiar with the tribal names Apache and Sioux, it was in fact the legendary fighting ability of the Comanches that determined when the American West opened up. Comanche boys became adept bareback riders by age six; full Comanche braves were considered the best horsemen who ever rode. They were so masterful at war and so skillful with their arrows and lances that they stopped the northern drive of colonial Spain from Mexico and halted the French expansion westward from Louisiana. White settlers arriving in Texas from the eastern United States were surprised to find the frontier being rolled backward by Comanches incensed by the invasion of their tribal lands. The war with the Comanches lasted four decades, in effect holding up the development of the new American nation. Gwynne's exhilarating account delivers a sweeping narrative that encompasses Spanish colonialism, the Civil War, the destruction of the buffalo herds, and the arrival of the railroads, and the amazing story of Cynthia Ann Parker and her son Quanah—a historical feast for anyone interested in how the United States came into being. Hailed by critics, S. C. Gwynne's account of these events is meticulously researched, intellectually provocative, and, above all, thrillingly told. Empire of the Summer Moon announces him as a major new writer of American history.

International Trade Theory and Policy Jan 04 2021 In the present text the author deals with both conventional and new approaches to trade theory and policy, treating all important research topics in international economics and clarifying their mathematical intricacies. The textbook is intended for undergraduates, graduates and researchers alike. It addresses undergraduate students with extremely clear language and illustrations, making even the most complex trade models accessible. In the appendices, graduate students and researchers will find self-contained treatments in mathematical terms. The new edition has been thoroughly revised and updated to reflect the latest research on international trade.

[Malt Whisky Companion](#) Nov 13 2021 A new and updated edition of the classic, definitive guide to malt whiskies, originally written by the late Michael Jackson and fully updated by whisky experts Dominic Roskrow and Gavin D. Smith. The fully revised 8th edition of the Malt Whisky Companion will teach you everything you want to know about your favourite tippie. How should you taste a single malt scotch whisky? Which whiskies are

light and flowery, or rich and treacly? How different is a single malt scotch from a distillery in the Highlands to one from the islands? If you find yourself asking these questions, then this may be the book for you! Did you know that this best-selling book on malt whisky was originally authored in 1989 by Michael Jackson, who was regarded as the world's foremost authority on whisky until his death in 2007. His legacy lives on in his books, which have been approved by his estate. This brilliant book about whiskey has been fully updated by world-leading whisky consultants Dominic Roskrow, author of 12 books about whiskey, and Gavin D. Smith - a professional writer with over 20 years experience, to include all the latest significant bottlings since the 7th edition in 2015. A new introduction section includes hot news on all the current whisky questions being asked. Discover the wonderful world of whisky as you explore: - Fully updated and modernised edition of the world's best-selling book on malt whisky - Includes whisky tasting notes on over 1,000 malts arranged from A-Z - Includes vintage whiskies from 1926 onwards - Approximately 70% of the text is updated to include all the latest significant bottlings - Updated by whisky experts Dominic Roskrow and Gavin D. Smith Find whisky tasting notes on over 1,000 malts arranged from A-Z, including vintages from 1926 onwards and the very latest releases. For distilleries in the New World Whisky section there are brand-new whisky tasting notes. This comprehensive whisky guide defines the characteristics of each whisky, gives it an overall score, making it the perfect companion for keen whisky drinkers and new converts to the wonderful world of the single malt. From the origins of malt whiskey to the language of the label, this book's tasting notes for more than 1,000 bottlings, practical advice on buying and collecting malts, and hundreds of colour images make it the perfect gift for any whisky lover. No other book contains as much detail on all aspects of whisky, making it a must-have volume for a new generation of whisky drinkers, or people who want to try different whiskies but don't know where to start.

Unconventional Warfare (Special Forces, Book 1) Dec 27 2022 Discover the secret missions behind America's greatest conflicts. Danny Manion has been fighting his entire life. Sometimes with his fists. Sometimes with his words. But when his actions finally land him in real trouble, he can't fight the judge who offers him a choice: jail... or the army. Turns out there's a perfect place for him in the US military: the Studies and Observation Group (SOG), an elite volunteer-only task force comprised of US Air Force Commandos, Army Green Berets, Navy SEALs, and even a CIA agent or two. With the SOG's focus on covert action and psychological warfare, Danny is guaranteed an unusual tour of duty, and a hugely dangerous one. Fortunately, the very same qualities that got him in trouble at home make him a natural-born commando in a secret war. Even if almost nobody knows he's there. National Book Award finalist Chris Lynch begins a new, explosive fiction series based on the real-life, top-secret history of US black ops.

Michael Jackson's Complete Guide to Single Malt Scotch Dec 03 2020 The world's best-selling book on malt whisky, now updated to include all the latest significant bottlings. This seventh edition of Michael Jackson's Complete Guide to Single Malt Scotch continues to provide whisky enthusiasts with all the information, advice, and guidance they need to improve their knowledge and appreciation of single malt whisky. Fully updated with all the latest significant bottlings, Michael Jackson's Complete Guide to Single Malt Scotch includes an unrivaled A- Z of single malts with background information on the distilleries and tasting notes for more than 1,000 bottlings. It even provides each whisky with an overall score. Michael Jackson, regarded as the world's foremost authority on whisky until his death in 2007, originally authored this title. His legacy lives on in the 2015 edition edited by world-leading whisky consultants Dominic Roskrow and Gavin D. Smith. By giving practical advice on buying and collecting malts and interpreting whisky labels, and providing hundreds of color images, Michael Jackson's Complete Guide to Single Malt Scotch can turn any whisky novice into an informed veteran.

The Book of Night Women Oct 13 2021 From the author of the National Book Award finalist *Black Leopard, Red Wolf* and the WINNER of the 2015 Man Booker Prize for *A Brief History of Seven Killings* "An undeniable success." — The New York Times Book Review A true triumph of voice and storytelling, *The Book of Night Women* rings with both profound authenticity and a distinctly contemporary energy. It is the story of Lilith, born into slavery on a Jamaican sugar plantation at the end of the eighteenth century. Even at her birth, the slave women around her recognize a dark power that they- and she-will come to both revere and fear. The Night Women, as they call themselves, have long been plotting a slave revolt, and as Lilith comes of age they see her as the key to their plans. But when she begins to understand her own feelings, desires, and identity, Lilith starts to push at the edges of what is imaginable for the life of a slave woman, and risks becoming the conspiracy's weak link. But the real revelation of the book-the secret to the stirring imagery and insistent prose-is Marlon James himself, a young writer at once breathtakingly daring and wholly in command of his craft.

Coping with Anxiety May 08 2021 Relieve anxiety, fear, and worry for good! Fully revised and based in the latest research, this second edition of *Coping with Anxiety* includes the latest DSM updates and provides immediate, user-friendly, and effective strategies to stop anxiety at its source. If you suffer from anxiety, you may try to avoid the situations that cause you to feel uneasy. But avoidance isn't the answer—and letting your fears and worries constantly hold you back will keep you from living the life you truly want. So, how can you learn to cope with your anxiety while it's happening? In *Coping with Anxiety, Second Edition*, renowned anxiety expert and author of *The Anxiety and Phobia Workbook*, Edmund Bourne, offers a clinically proven, step-by-step program to help you overcome the physical, mental, and emotional symptoms of anxiety. The exercises in this book can be done in the moment, whenever you feel anxious, and will help you move past your fears and start living the life you were meant to live. Don't let anxiety keep you one step behind. This book will show you how to face your fears, overcome panic when it happens, and take charge of your anxiety once and for all.

Global Business May 27 2020 The arrival of the COVID-19 pandemic throughout the globe at the end of 2019 turned global business upside down. It forced the closure of many businesses, disrupted global supply chains, reduced travel across borders, and created fear about face-to-face interactions. As the lockdowns in many countries created uncertainty about the future business activities, global business leaders were scrambling to find new strategies to safely re-establish their business relationships with their stakeholders. The existing historical economic, social, and racial injustice in the American society toward Black, Indigenous, and People of Color was compounded by the COVID-19. This led the movements of the Black Lives Matter to reenergize and become a global phenomenon. The horrific and sad death of George Floyd and many others triggered huge global movements to demand respect for human rights and dignity for all. Additionally, climate change and environmental degradation have caused unprecedented forest fires, more frequent and damaging hurricanes, and migration demand a revived global business book. This third edition of *Global Business: An Economic, Social, and Environmental Perspective* incorporates global business issues related to COVID-19, the economic and social injustice of BIPOC, and environmental degradation where it is appropriate. The reader will understand the impact of these critical global business issues discussed in the book through examples, case studies and thought-provoking discussions. These challenges require businesses, governments, and the active engagement of citizens to succeed. The aim of this book is to bring these issues for discussion and action by these stakeholders. Each chapter includes supplementary PowerPoint slides, Test-Bank, and Teaching notes that are available for instructors only.

Nzinga Nov 01 2020 Nzinga, in history and legend, is a brilliant leader during a time of violent upheaval. This fictional biography brings to life the Angolan culture in a flourishing African kingdom, now lost, where early explorers' maps of West Africa call out: "Here reigned the celebrated Queen Nzinga!"

Advanced Macroeconomics Jan 28 2023 The fifth edition of Romer's *Advanced Macroeconomics* continues its tradition as the standard text and the starting point for graduate macroeconomics courses and helps lay the groundwork for students to begin doing research in macroeconomics and monetary economics. Romer presents the major theories concerning the central questions of macroeconomics. The theoretical analysis is supplemented by examples of relevant empirical work, illustrating the ways that theories can be applied and tested. In areas ranging from economic growth and short-run fluctuations to the natural rate of unemployment and monetary policy, formal models are used to present and analyze key ideas and issues. The book has been extensively revised to incorporate important new topics and new research, eliminate inessential material, and further improve the presentation.

21st Century Economics: A Reference Handbook Jan 22 2020 Interest in economics is at an all-time high. Among the challenges facing the nation is an economy with rapidly rising unemployment, failures of major

businesses and industries, and continued dependence on oil with its wildly fluctuating price. Economists have dealt with such questions for generations, but they have taken on new meaning and significance. Tackling these questions and encompassing analysis of traditional economic theory and topics as well as those that economists have only more recently addressed, *21st Century Economics: A Reference Handbook* is a must-have reference resource. Key Features Provides highly readable summaries of theory and models in key areas of micro and macroeconomics, helpful for students trying to get a "big picture" sense of the field Includes introductions to relevant theory as well as empirical evidence, useful for readers interested in learning about economic analysis of an issue as well for students embarking on research projects Features chapters focused on cutting-edge topics with appeal for economists seeking to learn about extensions of analysis into new areas as well as new approaches Presents models in graphical format and summarizes empirical evidence in ways that do not require much background in statistics or econometrics, so as to maximize accessibility to students

International Economics Jun 20 2022 *International Economics*, 13th Edition provides students with a comprehensive, up-to-date review of the field's essential principles and theory. This comprehensive textbook explains the concepts necessary to understand, evaluate, and address the economic problems and issues the nations of the world are currently facing, and are likely to face in the future. Balancing depth and accessibility, the text helps students identify the real-world relevance of the material through extensive practical applications and examples. The new, thoroughly-updated and expanded edition provides students with a solid knowledgebase in international trade theory and policy, balance of payments, foreign exchange markets and exchange rates, open-economy macroeconomics, and the international monetary system. The text uniquely employs the same graphical and numerical model in chapters that cover the same basic concept, allowing students to recognize the relationship among the different topics without having to start with a new example each time. Clear, straightforward discussions of each key concept and theory are complemented by concrete, accessible, and relatable examples that serve to strengthen student comprehension and retention. Topics include the 'Great Recession,' the increase in trade protectionism, excessive volatility and large misalignments of exchange rates, and the impacts of resource scarcity and climate change to continued growth and sustainable development.

The City Reader Mar 06 2021 The sixth edition of the highly successful *The City Reader* juxtaposes the very best classic and contemporary writings on the city to provide the comprehensive mapping of the terrain of Urban Studies and Planning old and new. *The City Reader* is the anchor volume in the Routledge Urban Reader Series and is now integrated with all ten other titles in the series. This edition has been extensively updated and expanded to reflect the latest thinking in each of the disciplinary areas included and in topical areas such as compact cities, urban history, place making, sustainable urban development, globalization, cities and climate change, the world city network, the impact of technology on cities, resilient cities, cities in Africa and the Middle East, and urban theory. The new edition places greater emphasis on cities in the developing world, globalization and the global city system of the future. The plate sections have been revised and updated. Sixty generous selections are included: forty-four from the fifth edition, and sixteen new selections, including three newly written exclusively for *The City Reader*. The sixth edition keeps classic writings by authors such as Ebenezer Howard, Ernest W. Burgess, LeCorbusier, Lewis Mumford, Jane Jacobs, and Louis Wirth, as well as the best contemporary writings of, among others, Peter Hall, Manuel Castells, David Harvey, Saskia Sassen, and Kenneth Jackson. In addition to newly commissioned selections by Yasser Elshehawey, Peter Taylor, and Lawrence Vale, new selections in the sixth edition include writings by Aristotle, Peter Calthorpe, Alberto Camarillo, Filip DeBoech, Edward Glaeser, David Owen, Henri Pirenne, The Project for Public Spaces, Jonas Rabinovich and Joseph Lietman, Doug Saunders, and Bish Sanyal. The anthology features general and section introductions as well as individual introductions to the selected articles introducing the authors, providing context, relating the selection to other selection, and providing a bibliography for further study. The sixth edition includes fifty plates in four plate sections, substantially revised from the fifth edition.

Economics for Investment Decision Makers Workbook Apr 06 2021 The economics background investors need to interpret global economic news distilled to the essential elements: A tool of choice for investment decision-makers. Written by a distinguished academics and practitioners selected and guided by CFA Institute, the world's largest association of finance professionals, *Economics for Investment Decision Makers* is unique in presenting microeconomics and macroeconomics with relevance to investors and investment analysts constantly in mind. The selection of fundamental topics is comprehensive, while coverage of topics such as international trade, foreign exchange markets, and currency exchange rate forecasting reflects global perspectives of pressing investor importance. Concise, plain-English introduction useful to investors and investment analysts Relevant to security analysis, industry analysis, country analysis, portfolio management, and capital market strategy Understand economic news and what it means All concepts defined and simply explained, no prior background in economics assumed Abundant examples and illustrations Global markets perspective

Wylie Churchill-Davidson's A Practice of Anesthesia 7th Edition Apr 26 2020 The new edition of this popular text has been extensively revised and updated throughout. It will continue to provide the trainee or practising anaesthetist with all the information, both background and practical, that will be needed in the busy clinical setting or during revision for qualifying examinations. Major changes for the new edition include increased international relevance, made possible by the extensive input of a new American co-editor and the selection of well known contributing authors from around the world. The content is thus applicable to all trainees studying for, and passing, the variety of different certifying examinations for practising anaesthesia in a wide range of locales. The book presents both the basic science underlying modern anaesthetic practice and up-to-date clinical anaesthetic management techniques in a comprehensive, but concise and accessible, style. Reviews are well referenced throughout to guide the reader towards additional information beyond the scope of this text. The book will continue to provide in a single volume all the information relevant to the physician in training, and serve as a convenient and reliable reference for the anaesthetist to use after training.

British Poultry Standards Feb 26 2023 A fully updated and expanded new edition of the official reference to all the recognised Poultry Standards in Great Britain The seventh edition of *British Poultry Standards* contains complete specifications together with judging points for all standardised breeds and varieties of poultry, as compiled by the specialist Breed Clubs and published under the guidance of the Poultry Club of Great Britain. Intended as a manual to aid in the instruction and identification of breeds for the novice through to the veterinarian, this new edition has been thoroughly revised and edited, with numerous changes to breed pictures and profiles, providing a well-defined update for contemporary breeding, judging and exhibiting. Under the guardianship of the Poultry Club of Great Britain, this book details the authorised standards of excellence for each breed, covering categories such as feather markings, breed classification, and defects and deformities. The must-have reference for keepers, breeders, judges and exhibitors of pure bred poultry Features over 500 colour photographs, including 150 new images Includes 10 new breeds as well as all standardised breeds, and features photographs of many different varieties Provides complete specifications and judging points of all standardised breeds and varieties of poultry Recognised by the Poultry Club of Great Britain *British Poultry Standards*, 7th Edition is an essential resource for all poultry judges, breeders, exhibitors and keepers, as well as agricultural and veterinary college libraries and conservationists.

The Last Protector (James Marwood & Cat Lovett, Book 4) Mar 18 2022 From the No.1 Sunday Times bestselling author of *The Ashes of London* comes the next book in the phenomenally successful series following James Marwood and Cat Lovett.

Essentials of Economics Dec 15 2021 Schiller's *Essentials of Economics* is the market leader for the one-semester survey course, praised for its strong policy focus and core theme of seeking the best possible answers to the basic questions of WHAT, HOW, and FOR WHOM to produce. The 9th edition is benefitted by SmartBook, the first adaptive reading experience designed to engage students with the content in an active and dynamic way, as opposed to the passive and linear reading experience they are used to. As a result, students are more likely to master and retain important concepts in the survey course. As in previous editions, students are confronted early on with the reality that the economy doesn't always operate optimally, either at the macro or micro level, and are encouraged to examine the policy challenge of finding the appropriate mix of market reliance and government regulation that generates the best possible outcomes. In addition to the suite of resources available within Connect Economics, over 100 key topics are reinforced with interesting and

innovative videos on YouTube, provided to help non-majors see the relevance of economics. Connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need, when they need it, and how they need it, so that your class time is more engaging and effective.

CFA Program Curriculum 2020 Level I Volumes 1-6 Box Set Aug 30 2020 All CFA® Program exams through November 2021 will reflect the 2020 curriculum. Purchase your copy and begin studying for Level I now! The CFA® Program Curriculum 2020 Level I Box Set provides candidates and other motivated investment professionals with the official curriculum tested on the Level I CFA exam. This box set includes all the content Chartered Financial Analyst® candidates are expected to know for the Level I exam, including concise instruction on the 10 core topics covered in the Candidate Body of Knowledge (CBOK). Utilizing engaging visuals, cases, and examples to illustrate key concepts, this box set helps candidates apply what they learn in real-world investment scenarios. The CFA® Program Curriculum 2020 Level I Box Set offers: A comprehensive Learning Ecosystem designed to take you through the entire curriculum or help you focus on areas where you need additional study time. Practice questions to assist with your recall of key terms, concepts, and formulas. Mock exams to help you become accustomed to the pace and pressure of the real-world exam. Perfect for anyone considering the CFA® designation or currently preparing for a 2021 exam window, the 2020 Level I Box Set is a must-have resource for building basic skills required to become a Chartered Financial Analyst®.

CFA Program Curriculum 2019 Level I Volumes 1-6 Box Set Jun 28 2020 Clear, concise instruction for all CFA Program Level I concepts and competencies for the 2019 exam The same official curricula that CFA Program candidates receive with program registration is now publicly available for purchase. CFA Program Curriculum 2019 Level I, Volumes 1-6 provides the complete Level I curriculum for the 2019 exam, delivering the Candidate Body of Knowledge (CBOK) with expert instruction on all 10 topic areas of the CFA Program. Fundamental concepts are explained in-depth with a heavily visual style, while cases and examples demonstrate how concepts apply in real-world scenarios. Coverage includes ethical and professional standards, quantitative analysis, economics, financial reporting and analysis, corporate finance, equities, fixed income, derivatives, alternative investments, and portfolio management, all organized into individual sessions with clearly defined Learning Outcome Statements. Charts, graphs, figures, diagrams, and financial statements illustrate concepts to facilitate retention, and practice questions provide the opportunity to gauge your understanding while reinforcing important concepts. Learning Outcome Statement checklists guide readers to important concepts to derive from the readings Embedded case studies and examples throughout demonstrate practical application of concepts Figures, diagrams, and additional commentary make difficult concepts accessible Practice problems support learning and retention CFA Institute promotes the highest standards of ethics, education, and professional excellence among investment professionals. The CFA Program curriculum guides you through the breadth of knowledge required to uphold these standards.

The Clinical Anatomy of the Cranial Nerves Sep 11 2021 The cranial nerves are an endlessly fascinating family of twelve nerves that have a dramatic impact on our daily lives. A dysfunction of the cranial nerves can cause loss of vision or double vision, loss of smell, poor balance, or loss of muscle function, and can also be an indicator of underlying neurological disorders. The Clinical Anatomy of the Cranial Nerves: The Nerves of "On Old Olympus Towering Top" is an engaging and accessible book on the anatomy and clinical importance of these unique nerves. The text opens with a brief introduction of key neuroanatomical concepts that relate the clinical and anatomical sections that follow. Additionally, this book uniquely provides a detailed description of the bones of the head and face in order for the reader to understand the routes taken by the cranial nerves through the skull. Chapters then detail each nerve and its unique impact in relationship to our senses, motor function, and health. Vividly illustrated and supported by real-life clinical cases, the book will appeal to anyone wishing to gain a better understanding of the cranial nerves. Merging anatomical and clinical information with intriguing clinical cases, The Clinical Anatomy of the Cranial Nerves: The Nerves of "On Old Olympus Towering Top" introduces readers to the anatomy and diverse function of this intriguing family of nerves.

International Economics Feb 02 2021 Aimed at students who require a readable and accessible textbook that provides both basic economics theory and in-depth content on international policy issues, this volume will be of great use to history, political science and public administration majors.

International Economics Apr 30 2023 Appleyard, Field, and Cobb's International Economics 7e text is an International Economics textbook that offers a consistent level of analysis and treatment of the two main subdivisions of international economics—international trade theory and policy and international monetary theory and policy. As the authors write this edition, the world has become painfully aware that increased globalization links countries together strongly in times both of recession and prosperity. The growing awareness of the importance of international issues is also evidenced in increased student interest in such issues, particularly those related to employment, international working conditions, and equity. Comprehensive and clear, International Economics helps students move beyond recognition toward an understanding of current and future international events. As with each prior edition, the authors provide a clear and comprehensive text that will help students move beyond simple recognition of international issues toward a level of understanding of current and future international developments that will be of use to them in analyzing the problem at hand and selecting a policy position. New improvements covering the emerging issues in the global economy are designed to help readers both understand and appreciate the growing importance of the global economy in their lives.

Managerial Economics and Business Strategy Jul 10 2021 Blends tools from intermediate microeconomics, game theory, and industrial organization for a managerial economics text. This fourth edition offers a balanced coverage of traditional and modern topics.

History of Piscataquis County, Maine Aug 23 2022

International Economics Mar 30 2023 Appleyard, Field, and Cobb's International Economics, 6th Edition is an International Economics textbook that offers a consistent level of analysis and treatment of the two main subdivisions of international economics—international trade theory and policy and international monetary theory and policy. Comprehensive and clear, the text helps students move beyond recognition toward an understanding of current and future international events. As with each prior edition, the authors provide current and timely information on the wide variety of international economic phenomena in the 6th Edition. New boxed items were added to cover emerging issues in the global economy. Chapter material was updated to include recent developments in U.S. trade policy, major changes in the European Union, progress in the transition from command to market economies, and special issues related to developing nations. These improvements are designed to help readers both understand and appreciate the growing importance of the global economy in their lives.

C++ For Dummies Feb 23 2020 If you've thought of programmers as elite intelligentsia who possess expertise (and perhaps genes) the rest of us will never have, think again. C++ For Dummies, 5th Edition, debunks the myths, blasts the barriers, shares the secrets, and gets you started. In fact, by the end of Chapter 1, you'll be able to create a C++ program. OK, it won't be newest, flashiest video game, but it might be a practical, customized inventory control or record-keeping program. Most people catch on faster when they actually DO something, so C++ For Dummies includes a CD-ROM that gives you all you need to start programming (except the guidance in the book, of course), including: Dev-C, a full-featured, integrated C++ compiler and editor you install to get down to business The source code for the programs in the book, including code for BUDGET, programs that demonstrate principles in the book Documentation for the Standard Template Library Online C++ help files Written by Stephen Randy Davis, author of C++ Weekend Crash Course, C++ for Dummies, takes you through the programming process step-by-step. You'll discover how to: Generate an executable Create source code, commenting it as you go and using consistent code indentation and naming conventions Write declarations and name variables, and calculate expressions Write and use a function, store sequences in arrays, and declare and use pointer variables Understand classes and object-oriented programming Work with constructors and destructors Use inheritance to extend classes Use stream I/O Comment your code as you go, and use consistent code indentation and naming conventions Automate

programming with the Standard Template Library (STL) C++ for Dummies 5th Edition is updated for the newest ANSI standard to make sure you're up to code. Note: CD-ROM/DVD and other supplementary materials are not included as part of eBook file.

Minesweeper (Special Forces, Book 2) Sep 23 2022 "All the sizzle, chaos, noise and scariness of war is clay in the hands of ace storyteller Lynch." -- Kirkus Reviews for the World War II series Discover the secret missions behind America's greatest conflicts. Fergus Frew thought he knew what to expect when he signed up with the Navy's demolitions team. But as the Korean War rages on, Fergus and his fellow divers -- AKA "frogmen" -- are tasked with more than just scouting mudflats. Soon they're planting mines. And sabotaging tunnels, bridges... and even fishing nets. Strangest of all, it falls to Fergus to transport a spy into the country - and that means traveling far from Navy-controlled waters. But frogmen are amphibious. And Fergus may not realize it, but he's in a position to change the way the whole world thinks about combat. National Book Award finalist Chris Lynch continues his explosive fiction series based on the real-life, top-secret history of US black ops and today's heroic Navy SEALs.

Pale Blue Dot Oct 01 2020 "Fascinating . . . memorable . . . revealing . . . perhaps the best of Carl Sagan's books."—The Washington Post Book World (front page review) In *Cosmos*, the late astronomer Carl Sagan cast his gaze over the magnificent mystery of the Universe and made it accessible to millions of people around the world. Now in this stunning sequel, Carl Sagan completes his revolutionary journey through space and time. Future generations will look back on our epoch as the time when the human race finally broke into a radically new frontier—space. In *Pale Blue Dot*, Sagan traces the spellbinding history of our launch into the cosmos and assesses the future that looms before us as we move out into our own solar system and on to distant galaxies beyond. The exploration and eventual settlement of other worlds is neither a fantasy nor luxury, insists Sagan, but rather a necessary condition for the survival of the human race. "Takes readers far beyond *Cosmos* . . . Sagan sees humanity's future in the stars."—Chicago Tribune
