This book includes over 30 real-life, up-to-date, award-winning case studies in scientific fields such as biotechnology, biomedical high-tech engineering and information technology. The case studies are arranged in modules that track the typical life cycle creating and growing a new venture, which presents a comprehensive picture of entrepreneurial activities. The text is written in a language and style that managers will appreciate. Beginning in 1956 each vol. includes as a regular number the book of southern progress and the Southern industrial directory formerly issued separately.
