There's Always Work at the Post Office May 07 2021 This book brings to life the important but neglected story of African American postal workers and the critical role they played in the U.S. labor and black freedom movements. Historian Philip Rubio, a former postal worker, integrates civil rights, labor, and left movement histories that too often are written as if they happened separately. Centered on New York City and Washington, D.C., the book chronicles a struggle of national significance through its examination of the post office, a workplace with facilities and unions serving every city and town in the United States. Black postal workers--often college-educated military veterans--fought their way into postal positions and unions and became a critical force for social change. They combined black labor protest and civic traditions to construct a civil rights unionism at the post office. They were a major factor in the 1970 nationwide postal wildcat strike, which resulted in full collective bargaining rights for the major postal unions under the newly established U.S. Postal Service in 1971. In making the fight for equality primary, African American postal workers were influential in shaping today's post office and postal unions.

U.S. Postal Exam Test 470 Mar 25 2020 In 1994 the U.S. Post Office developed a new test for all postal applicants, making the former tests and test taking books obsolete. This is the only book on the market with the new Test 470 United States Postal Service Examination. This is a must-have book for anyone contemplating taking the Postal Service examination. Generally, candidates need to score 95 on the exam to get a job. This book can help the reader achieve that score or better. This year the U.S. Postal Service will hire over 200,000 workers. Starting pay is more than \$12 per hour and benefits and job security are excellent. No wonder hundreds of thousands of people a year sign up to take the Postal Exam. Here is prep for the exam, including 10 actual sample tests. The difference between getting a job and not can be as little as one point on the exam. This book can easily make that difference.

The Postal Age Feb 22 2020 Americans commonly recognize television, e-mail, and instant messaging as agents of pervasive cultural change. But many of us may not realize that what we now call snail mail was once just as revolutionary. As David M. Henkin argues in The Postal Age, a burgeoning postal network initiated major cultural shifts during the nineteenth century, laying the foundation for the interconnectedness that now defines our ever-evolving world of telecommunications. This fascinating history traces these shifts from their beginnings in the mid-1800s, when cheaper postage, mass literacy, and migration combined to make the long-established postal service a more integral and viable part of everyday life. With such dramatic events as the Civil War and the gold rush underscoring the importance and necessity of the post, a surprisingly broad range of Americans—male and female, black and white, native-born and immigrant—joined this postal network, regularly interacting with distant locales before the existence of telephones or even the widespread use of telegraphy. Drawing on original letters and diaries from the period, as well as public discussions of the expanding postal system, Henkin tells the story of how these Americans adjusted to a new world of long-distance correspondence, crowded post offices, junk mail, valentines, and dead letters. The Postal Age paints a vibrant picture of a society where possibilities proliferated for the kinds of personal and impersonal communications that we often associate with more recent historical periods. In doing so, it significantly increases our understanding of both antebellum America and our own chapter in the history of communications.

Things Fall Apart Apr 25 2020 Okonkwo is the greatest warrior alive, famous throughout West Africa. But when he

accidentally kills a clansman, things begin to fall apart. Then Okonkwo returns from exile to find missionaries and colonial governors have arrived in the village. With his world thrown radically off-balance he can only hurtle towards tragedy. Chinua Achebe's stark novel reshaped both African and world literature. This arresting parable of a proud but powerless man witnessing the ruin of his people begins Achebe's landmark trilogy of works chronicling the fate of one African community, continued in *Arrow of God* and *No Longer at Ease*.
