Where to Send Your Child: Private, Public or Home School? Volume 1 Feb 27 2023

A General History and Collection of Voyages and Travels (Vol. 1-18) Oct 31 2020 Prepare yourslef for discoveries and new adventures with this incredible book about the true origin of wanderlust. This edition forms a complete history of the earliest start and progress of navigation, discovery, and commerce, by sea and land, from the earliest ages to the early 19th century. First part of the work covers voyages and travels of discovery in the middle ages; from the era of Alfred, King of England, in the ninth century to that of Don Henry of Portugal at the commencement of the fourteenth century. Second part deals with general voyages and travels chiefly of discovery; from the era of Don Henry, in 1412, to that of George III. in 1760. The rest of the work has some particular voyages and travels arranged in systematic order, Geographical and Chronological, and studies voyages during the era of George III conducted upon scientific principles, by which the Geography of the globe has been nearly perfected.

Reminiscences of Sixty Years in Public Affairs May 18 2022 *Reminiscences of Sixty Years in Public Affairs, Vol. 1* By George S. Boutwell At the request of my daughter and my son and by the advice of my friends, the Honorable J. C. Bancroft Davis and the Honorable William A. Richardson, I am venturing upon the task of giving a sketch of my experiences in life during three fourths of a century. The wisdom of such an undertaking is not outside the realm of debate. A large part of my manhood has been spent in the politics of my native state, and in the politics of the country. For many years I have had the fortune to be associated with those in whose hands the chief powers were lodged. I have been a witness of, and in some cases an actor in, events that have changed the character of the institutions and affected the fortunes of the country. Those events and their consequences must in time disturb, if they do not change, the institutions of other countries. We are delighted to publish this classic book as part of our extensive Classic Library collection. Many of the books in our collection have been out of print for decades, and therefore have not been accessible to the general public. The aim of our publishing program is to facilitate rapid access to this vast reservoir literature, and our view is that this is a significant literary work, which deserves to be brought back into print after many decades. The contents of the vast majority of titles in the Classic Library have been scanned from the original works. To ensure a high quality product, each title has been meticulously hand curated by our staff. Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work. We hope that you will enjoy this wonderful classic work, and that for you it becomes an enriching experience.

[Encyclopedia of Public Health](#) Jan 14 2022 The Encyclopedic Reference of Public Health presents the most important definitions, principles and general perspectives of public health, written by experts of the different fields. The work includes more than 2,500 alphabetical entries. Entries comprise review-style articles, detailed essays and short definitions. Numerous figures and tables enhance understanding of this little-understood topic. Solidly structured and inclusive, this two-volume reference is an invaluable tool for clinical scientists and practitioners in academia, health care and industry, as well as students, teachers and interested laypersons.

[Private Lives/public Moments: Before 1492 to 1877](#) Apr 17 2022 A secondary source reader that is a great complement to any survey text. A collection of secondary sources that examine the history of the United States by connecting the private lives of its people to the public issues that have had a major impact on the nation's destiny. The text examines much of what we call "history" as the product of conflict or concord (or some combination of the two) between private aspirations, frustrations, and values on the one side, and public issues, events and policies on the other.

American Public Philosophy and the Mystery of Lincolnism Feb 03 2021 "Examines why the Republican Party was unable to sustain Lincoln's ideas and why neither Republicans nor Democrats were able to formulate an alternative public philosophy to Lincolnism. Sand describes how radical Republicans and purist Democrats battled for control of America's public philosophy, and how moderate Republicans and legitimist Democrats placed issue and policy debates over ideology"--Provided by publisher.

Public Documents of the State of Connecticut Mar 24 2020 Excerpt from Public Documents of the State of Connecticut, Vol. 1 Commencing with the documents for the year 1900, a Document Number has been assigned to each State departmental report. This number is determined by the chronological order of the first printed independent issue of such report and will in future be retained by it, thus showing the relative chronological place it occupies in the printed reports of the State. A list of these reports, with the date of first printed issue and the document number of each, appears on the following page. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

The Public Orations of Demosthenes, Vol. 1 of 2 Jan 26 2023 Excerpt from The Public Orations of Demosthenes, Vol. 1 of 2 The translations included in this volume were written at various times during the last ten years for use in connexion with College Lectures, and a long holiday, for which I have to thank the Trustees of the Balliol College Endowment Fund, as well as the Master and Fellows of Balliol College, has enabled me to revise them and to furnish them with brief introductions and notes. Only those speeches are included which are generally admitted to be the work of Demosthenes, and the spurious documents contained in the MSS. of the Speech on the Crown are omitted. The speeches are arranged in chronological order, and the several introductions to them are intended to supply an outline of the history of the period, sufficient to provide a proper setting for the speeches, but not more detailed than was necessary for this purpose. No discussion of conflicting evidence has been introduced, and the views which are expressed on the character and work of Demosthenes must necessarily seem somewhat dogmatic, when given without the reasons for them. I hope, however, before long to treat the life of Demosthenes more fully in another form. The estimate here given of his character as a politician falls midway between the extreme views of Grote and Schäfer on the one hand, and Beloch and Holm on the other. I have tried to render the speeches into such English as a political orator of the present day might use, without attempting to impart to them any antique colouring, such as the best-known English translations either had from the first or have acquired by lapse of time. [The Quest for Streetcar Unionism in the Carolina Piedmont, 1919-1922](#) Apr 24 2020 Ever since the courtroom doors closed in 1919, the tragic Charlotte Streetcar Strike has haunted the collective memory of the Carolina Piedmont region. During a season of labor unrest, it briefly made national headlines. Five men were killed and at least twelve others were wounded by gunfire during a demonstration against Southern Public Utilities, a subsidiary of James B. Duke's Southern Power. For many who lived afterward in North Carolina's "Queen City," the strike and riot were events better left forgotten, while, for later generations, the "Battle of the Barn" has become an item of curiosity. As the centennial approaches, this book represents the result of over ten years' worth of primary research about the Charlotte Streetcar Strike, a story that rightfully belongs to a larger narrative about the AFL's campaign to organize transportation workers among the textile mill towns of North and South Carolina. Prior to the 1919 Charlotte Strike, the national streetcar union had overcome fierce anti-labor sentiment, from South Carolina's state capital of Columbia to the Upcountry citadel of Spartanburg. To AFL organizers, Charlotte represented the last link in the Piedmont chain.
