George Facer's Edexcel A Level Chemistry Student Mar 30 2020 Help higher achieving students to maximise their potential, with a focus on independent learning, assessment advice and model assessment answers in this new edition of George Facer's best-selling textbook. - Encourages independent learning with notes and clear explanations throughout the content - Strengthens understanding with worked examples of chemical equations and calculations - Stretches the students with a bank of questions at the end of each chapter - Provides assessment guidance and sample answers

Cambridge International AS & A Level Chemistry Student's Book Second Edition Jul 15 2021

This title is endorsed by Cambridge Assessment International Education to support the full syllabus for examination from 2022. Confidently navigate the updated Cambridge International AS & A Level Chemistry (9701) syllabus with a structured approach ensuring that the link between theory and practice is consolidated, scientific skills are applied, and analytical skills developed. - Enable students to monitor and build progress with short 'self-assessment' questions

throughout the student text, with answers at the back of the book, so students can check their understanding as they work their way through the chapters. - Build scientific communication skills and vocabulary in written responses with a variety of exam-style questions. - Encourage understanding of historical context and scientific applications with extension boxes in the student text. - Have confidence that lessons cover the syllabus completely with a free Scheme of Work available online. - Provide additional practice with the accompanying write-in Practical Skills Workbooks, which once completed, can also be used to recap learning for revision.

A Level Chemistry for OCR A: Year 1 and AS Mar 23 2022 Please note this title is suitable for any student studying: Exam Board: OCR Level: A Level Year 1 and AS Subject: Chemistry First teaching: September 2015 First exams: June 2016 Written by curriculum and specification experts, this Student Book supports and extends students throughout their course whilst delivering the breadth, depth, and skills needed to succeed at A Level and beyond.

REVISE OCR AS/a Level Chemistry Revision Workbook Mar 11 2021 Our Revision Workbooks are designed to help students develop vital skills throughout the course and build their confidence in preparation for the exam, with guided questions, unguided questions, practice papers and a full set of answers.

A-level Chemistry Condensed Revision Notes Aqa Year 1 & As 2015 Dec 28 2019

COLOURED EDITION! Tired of writing your own revision notes? Unsure what to put in and what to leave out? Use professional ones! These condensed revision notes (coloured flashcards) are designed to facilitate memorization. They have been created by a very experienced, professional Chemistry tutor. Dr C. Boes has successfully taught over fifty A-level students in the last ten years. Many of these have achieved excellent grades in their exams and went on to study medicine. These notes contain all the necessary exam knowledge in a short, easy to memorize form. Each page covers the key facts, such as definitions or equations, of a single topic, without the distraction of unnecessary information. Knowing them by heart makes it easy to get top grades. Tried, tested and proven by past tuition students, they are an effective and successful tool to prepare for exams. They have been adapted to the new AQA Chemistry A-level Year 1 & AS syllabus (from Sept 15). This book is organized in chapters according to the syllabus and allows natural progression in sync with your school work. Created with great care, it includes important information specific to exam questions. The low price offers great value and gives many students the opportunity to experience its benefits. This small book will save you hours of painstaking note writing. It is less messy than loose paper sheets and easy to carry around. Memorize on the bus or while you wait. Try it now! This is the coloured version of the black & white edition 'A-Level Chemistry Revision Notes AQA Year 1 & AS - New Syllabus 2015' (ISBN-10: 1519797869).

A-Level Year 2 Chemistry Jun 25 2022

My Revision Notes: AQA A Level Chemistry May 13 2021 Exam Board: AQA Level: AS/A-level Subject: Chemistry First Teaching: September 2015 First Exam: June 2016 With My Revision Notes: AQA A Level Chemistry you can: - Manage your own revision with step-by-step support from experienced teacher and examiner Rob King - Apply biological terms accurately with the help of definitions and key words - Plan and pace your revision with the revision planner - Test understanding with questions throughout the book - Get exam ready with last minute quick quizzes available on the Hodder Education website

A-Level Chemistry Sep 16 2021

Calculations in AS/A Level Chemistry Jul 03 2020

A-level Chemistry Jan 01 2023 Each topic is treated from the beginning, without assuming prior knowledge. Each chapter starts with an opening section covering an application. These help

students to understand the relevance of the topic: they are motivational and they make the text more accessible to the majority of students. Concept Maps have been added, which together with Summaries throughout, aid understanding of main ideas and connections between topics. Margin points highlight key points, making the text more accessible for learning and revision. Checkpoints in each chapter test students' understanding and support their private study.

Modern Tests for 'A' Level Chemistry Oct 18 2021

Complete 'A' Level Chemistry Oct 30 2022

A-Level Study Guide Chemistry Ed H2.2 Sep 28 2022 This is an ebook version of the "A-Level Study Guide - Chemistry (Higher 2) - Ed H2.2" published by Step-by-Step International Pte Ltd. [For the revised Higher 2 (H2) syllabus with first exam in 2017.] This ebook gives concise illustrated notes and worked examples. It is intended as a study guide for readers who have studied the O-Level Chemistry or the equivalent. It contains material that most readers should want to take note of when attending formal lessons and/or discussions on the Singapore-Cambridge GCE A-Level Higher 2 (H2) Chemistry. [As the Higher 1 (H1) Chemistry syllabus is a subset of the H2 Chemistry syllabus, this ebook is also suitable for readers studying Chemistry at the H1 level.] The concise notes cover essential steps to understand the relevant theories. The illustrations and worked examples show essential workings to apply those theories. We believe the notes and illustrations will help readers learn to "learn" and apply the relevant knowledge. The ebook should help readers study and prepare for their exams. Relevant feedbacks from Examiner Reports, reflecting what the examiners expected, are incorporated into the notes and illustrations where possible, or appended as notes (NB) where appropriate. It is also a suitable aid for teaching and revision.

Practical Chemistry Aug 16 2021 Exam Board: AQA Level: AS/A-level Subject: Chemistry First Teaching: September 2015 First Exam: June 2016 Ensure your students get to grips with the core practicals and develop the skills needed to succeed with an in-depth assessment-driven

approach that builds and reinforces understanding; clear summaries of practical work with sample questions and answers help to improve exam technique in order to achieve higher grades. Written by experienced author Nora Henry, this Student Guide for practical Chemistry: - Help students easily identify what they need to know with a concise summary of required practical work examined in the A-level specifications. - Consolidate understanding of practical work, methodology, mathematical and other skills out of the laboratory with exam tips and knowledge check questions, with answers in the back of the book. - Provide plenty of opportunities for students to improve exam technique with sample answers, examiners tips and exam-style questions. - Offer support beyond the Student books with coverage of methodologies and generic practical skills not focused on in the textbooks.

Knowledge Quiz: A-Level Chemistry Aug 04 2020 The Knowledge Quiz series is a deviously simple and effective way for students to revise for GCSE and A-level subjects. Put together by subject experts, these easy-to-use books feature tear-out quizzes to help students memorise the large body of knowledge that forms the basis of success in exams. Rather than just flicking through revision cards expecting things to stick in your memory, self-quizzing allows you to complete multiple copies of the same quiz and keep doing them until you get them right every time. At the start of each section you'll find full answers. This edition will help students to effectively drill the essential facts necessary for success in A-level Chemistry.
